1 **Be it enacted by the People of the State of Maine as follows:**

2 **Sec. 1. 25 MRSA §2936** is enacted to read:

3 **§2936. Sharing of training costs for dispatchers**

4 Whenever a full-time dispatcher has received the basic training provided to full-time
5 dispatchers by the bureau at the expense of a particular public safety answering point and
6 is subsequently hired by another public safety answering point as a full-time dispatcher
7 within 5 years of the end of the dispatcher's training, the public safety answering point
8 shall reimburse the first public safety answering point according to the formula under this
9 section, unless a mutual agreement is reached.

10 **1. Full amount of cost.** If the dispatcher is hired by the other public safety
11 answering point during the first year after the end of the dispatcher's training, that public
12 safety answering point shall reimburse the first public safety answering point the full
13 amount of the training costs.

14 **2. Eighty percent of costs.** If the dispatcher is hired by the other public safety
15 answering point during the 2nd year after the end of the dispatcher's training, that public
16 safety answering point shall reimburse the first public safety answering point 80% of the
17 training costs.

18 **3. Sixty percent of costs.** If the dispatcher is hired by the other public safety
19 answering point during the 3rd year after the end of the dispatcher's training, that public
20 safety answering point shall reimburse the first public safety answering point 60% of the
21 training costs.

22 **4. Forty percent of costs.** If the dispatcher is hired by the other public safety
23 answering point during the 4th year after the end of the dispatcher's training, that public
24 safety answering point shall reimburse the first public safety answering point 40% of the
25 training costs.

26 **5. Twenty percent of costs.** If the dispatcher is hired by the other public safety
27 answering point during the 5th year after the end of the dispatcher's training, that public
28 safety answering point shall reimburse the first public safety answering point 20% of the
29 training costs.

30 **6. No obligation.** If the dispatcher ended training more than 5 years before
31 subsequently being hired by the other public safety answering point, that public safety
32 answering point is not obligated to reimburse the first public safety answering point.

33 If the dispatcher is subsequently hired by additional public safety answering points
34 within 5 years of the end of the dispatcher's training, each of those public safety
35 answering points is liable to the public safety answering point immediately preceding it
36 for the training costs paid by that public safety answering point under this section. The
37 extent of financial liability must be determined according to the formula established by
38 this section.
